

DAVE'S 360

Preventative Maintenance Agreement PREMIUM PLAN

ANNUAL PRICE	VISITS / YEAR	PLAN DURATION	DISCOUNT	SCHEDULING	ADD-ON
\$360	2	6 Months	15% Off	Same / Next Day	\$144 / system

Plan Overview

Year-round, worry-free protection. Dave's 360 is our top-tier plan for homeowners who want the best coverage, the biggest savings, and priority treatment. You get two seasonal tune-ups, our largest repair discount at 15% off all jobs, and same or next-day priority service scheduling — when something goes wrong, you go to the front of the line.

Membership Benefits

- ✓ Two maintenance visits per year (spring cooling tune-up + fall heating tune-up)
- ✓ 15% discount on all service and repair jobs — the biggest savings we offer
- ✓ Priority service: same or next-day scheduling — you move to the front of the line
- ✓ Full system inspection, cleaning, and calibration at every visit
- ✓ Safety and performance check of all components
- ✓ Written service report after every visit
- ✓ Auto-scheduled at your convenience — we reach out, you pick the time
- ✓ Personalized online access to your complete service history
- ✓ 6-Month Labor Guarantee on all repairs
- ✓ Helps satisfy manufacturer warranty maintenance requirements
- ✓ Second system add-on: \$144/system

Why Dave's 360?

Oklahoma summers regularly push past 100°F, and our winters can swing from mild to ice storms overnight. When your system goes down during extreme weather, waiting days for a repair isn't an option. Dave's 360 members get same or next-day priority scheduling, so you're never stuck waiting at the back of the line.

The 15% repair discount means your plan pays for itself fast. A single \$500 service call saves you \$75 on the spot — and most homeowners with older systems need at least one repair per year. Combine that with energy savings from two annual tune-ups (up to 15–30% lower utility bills) and the extended equipment life that comes with proper maintenance, and this plan is a smart financial decision.

How Your Membership Works

Auto-Scheduled at Your Convenience We reach out to schedule your tune-ups — you pick the day and time. No notes on the fridge. We handle it.

Your Complete Service History On File Every visit is logged. We send you a personalized link to access your complete service history online — any time, any device.

Priority Service When something goes wrong, Dave's 360 members don't wait. Same or next-day scheduling — front of the line, every time.

6-Month Labor Guarantee If the same problem returns within six months, we fix it at no labor charge.

WHAT WE DO DURING YOUR VISIT

Every visit follows ASHRAE industry-standard practices. Our NATE-certified technicians perform a comprehensive inspection to keep your system safe and running at peak efficiency.

⚙️ General System Inspection

- Check thermostat calibration — confirm your home holds the temperature you set
- Tighten all electrical connections; measure voltage and current on motors
- Lubricate all moving parts to reduce friction, wear, and energy costs
- Inspect and clear condensate drain — prevents water damage and humidity problems
- Verify startup, operation, and shutdown cycle; confirm all safety controls work

❄️ Cooling-Season Service

- Clean condenser coil — dirty coils raise energy costs and shorten equipment life
- Check evaporator coil airflow — restricted flow causes freeze-ups and higher bills
- Confirm proper refrigerant charge — too much or too little reduces efficiency and lifespan

💧 Gas Heating Service

- Clean burners and surrounding area for safe, efficient combustion
- Check all controls, relays, temperature switches, capacitors, wiring, and airflow
- Inspect gas connections, gas pressure, burner combustion, and heat exchanger

⚡ Electric Heating Service

- Check all controls, relays, temperature switches, capacitors, wiring, heating elements, and airflow

🔧 À La Carte Accessory Maintenance

Add professional maintenance for your indoor air quality equipment at any visit:

- Ducted humidifier
- Electronic air cleaner
- Whole-home dehumidifier
- Ducted air purifier

Prepaid visits are scheduled Monday–Friday, 9:00 AM – 3:00 PM. Between visits: inspect, clean, or change your air filter monthly — it's the single best thing you can do between tune-ups.

Dave's 360: Maximum protection. Maximum savings. Maximum peace of mind.
